

UNCOMMONLY RELIABLE CLEARCOATS.

Lesonal clearcoats provide the professional body shop with reliable, top-quality products that are easily applied and deliver consistent results in a wide range of environments.

The Lesonal clearcoats allow the shop to increase productivity by limiting the possibility of mistakes. Fewer products mean you can deliver consistent results on a daily basis. When used in conjunction with the entire Lesonal system, these clearcoats can assist in significantly raising the overall profitability of the shop.

If you're interested in maintaining service quality while lowering your paint and material costs, ask your local Lesonal distributor for a demonstration of the Lesonal product line.

Issue: Maximizing productivity in a downdraft or cross flow bake booth while controlling application costs and material costs.

Solution: When Lesonal Glamour Clear is sprayed in a clean downdraft or cross flow spray booth, it offers maximum productivity and a high gloss appearance without polishing. This 2K polyurethane clearcoat offers savings in time and labor with the most reliable results when compared to its peers.

Issue: Maximizing production while performing small repairs.

Solution: Lesonal Universal Clear is a 2K polyurethane clearcoat designed to provide fast flash-off and dry times making it ideal for small repairs. Universal Clear provides a high gloss finish without the need for polishing when sprayed in a downdraft or cross flow bake booth.

Issue: A clear that performs well in a less than ideal environment.

Solution: Lesonal Production Clear is designed to offer the highest productivity and glossy appearance in just two coats, even when sprayed in less than ideal conditions. The Production Clear offers excellent durability and productivity by allowing the clear to be applied over the Lesonal Basecoat in as little as 20 minutes at 70° F.

Issue: Meet VOC regulation without sacrificing quality or production.

Solution: Lesonal LV Clear is a productive clearcoat offering a VOC of 2.1 lbs/gal, allowing it to be used in the strictest regulated markets. The Lesonal LV Clear offers its users flexibility while maintaining productivity by optimizing the product to fit their needs.

LESONAL

Great finish. Great value.
